****Please check ride below:**

In planning a ride the following details need to be confirmed by you:

- Can they accommodate a group of 20 or more people
- Directions
- Address (need to put this into the calendar)
- Departure time/reservation time (what time do we need to leave in order to arrive at the time you have reserved)

Your ride information would need to be submitted to Kevin Traschler 1 month in advance so that it can be printed on the calendar.
